

Charlton House

Independent School Southampton

***Enrolling for academic year 2021/22 –
limited spaces available in most year-groups***

A non-selective, co-educational, independent school for 4 – 11 year olds that benefits from being located close to the heart of Southampton, yet uniquely situated within acres of spectacular open fields and woodlands, which forms an integral aspect of teaching at Charlton House.

Charlton House is modern and vibrant with a wealth of space, natural light and ventilation in each classroom. Purposefully smaller class-sizes are designed to ensure pupils are taught by highly experienced teachers with an approach to individualised learning across a broad and rich curriculum, whilst solid foundations in core subjects are secured at an early stage in each child's education.

Discover a nurturing setting where your child's confidence will flourish and their future potential is unlocked.

Enrolment now open: 023 8067 1739

At Charlton House Independent School, we understand that the last 12 months have impacted upon many families and their discussions around education and schooling for their children. We believe that the current climate should not prevent families from choosing an independent education for their children.

We believe that all children should have access to an educational environment within which they can thrive and flourish. School closures and remote learning have led to many children losing confidence. Our smaller classes and expert staff are ready to welcome new pupils and support them in their learning journeys. We would therefore like to extend the following introductory offer to prospective parents that enrol before Friday 28 May 2021;

50% off fees for academic year 2021/22 which amounts to £4,042.50 for the entire 2021/22 academic year. This translates into £11.08 per day (over 12 months) or as low as £2.86 per day if receiving Early Years Funding);

40% off fees for academic year 2022/23 which amounts to £4,851.00 for the entire 2022/23 academic year. This translates into £13.29 per day (over 12 months) or as low as £5.07 per day if receiving Early Years Funding;

25% off fees for academic year 2023/24 which amounts to £6,063.75 for the entire 2023/24 academic year. This translates into £16.61 per day (over 12 months).

** With limited spaces remaining in certain year-groups due to smaller class sizes, we cannot guarantee that there will be spaces available for everyone. We therefore encourage you to contact us at your earliest convenience to avoid disappointment.*
