## **CODE OF CONDUCT**

**Safe working practice for the protection of children  
and staff in our school**

## **1. Purpose**

Staff have a crucial role to play in shaping the lives of young people. They have a unique opportunity to interact with children and young people in ways that are both affirming and inspiring. This Code of Conduct aims to establish a set of principles, which underpin the expected conduct of staff at Charlton House Independent School with the intention of encouraging staff to achieve the highest standards of conduct at work and of minimising the risk of improper conduct occurring.

The school requires that all staff have read and comply with the Code of Conduct. Where clarification is needed on any aspect of this document, this should be sought from the Head Teacher.

Breach or failure to observe the provisions of this document may lead to action being taken under the school disciplinary procedure which is located in the school policies.

This document is available to all staff from the policies folder as well as being provided on induction to all new members of staff.

The Code of Conduct is not exhaustive in defining acceptable and unacceptable standards of conduct and behaviour and in circumstances where guidance does not exist individuals are expected to use their professional judgement and act in the best interests of the school and its pupils.

## **2. Scope**

The Code of Conduct applies to:

- all members of staff, including teaching and support staff;
- volunteers, including governors;
- casual workers;
- temporary and supply staff, either from agencies or engaged directly;
- student placements, including those undertaking initial teacher training, and apprentices.

References to 'staff' throughout the Code of Conduct refer to all of the above groups.

Any links within this document to other documents are for ease of use and do not form part of this Code of Conduct.

## 1. Professional standards at work

Staff are expected to demonstrate the highest possible standards of personal and professional conduct and behaviour and consistently act with honesty and integrity. The school expects staff to treat each other, pupils, parents and the wider school community with dignity and respect at all times.

Furthermore, staff must have regard for the ethos and values of the school as well as its policies and procedures and act in accordance with these at all times, including in their dealings with those who come into contact with the school e.g. visitors.

Staff must act in accordance with their duty of care to pupils and ensure that the safety and welfare of the children and young people at the school are accorded the highest priority. In this and other ways staff should always maintain standards of conduct and behaviour which sustain their professional standing and that of the school.

## 2. Safeguarding

Teachers are reminded of, and are expected to uphold, their wider responsibilities as set out in the Teachers' Standards, including an understanding of, and acting within, the statutory frameworks which set out their professional duties and responsibilities.

Charlton House Independent School recognises its statutory and moral duty to safeguard and promote the welfare of pupils and understands that staff play a vital role in meeting these responsibilities. Staff must be aware of their individual safeguarding responsibilities, including to provide a safe environment in which children can learn, to be aware of the signs of abuse and neglect, to identify children who are suffering, or are likely to suffer, significant harm and to take appropriate action in such cases to prevent concerns from escalating.

All members of staff must be aware of the school's systems for supporting child safeguarding, including the role of the school's Designated Safeguarding Lead (DSL).

In this school the DSLs are: Matthew Robinson (DSL)  
Steve Darby (Deputy DSL)

Staff have a professional duty to report concerns about the welfare of a child. Any such concerns must be raised without delay to the school's DSL in the first instance or to Deputy DSLs if the DSL cannot be located. In the event that none of the above are available staff should contact **Jemma Swann LADO 023 8091 5535 or 07500 952037**. There should be no delay in reporting a concern if there is risk of immediate serious harm to a child.

Staff are reminded of their duty to report safeguarding concerns about staff. Any concerns or allegations must be raised without delay to the school's DSL in the first instance or to Deputy DSL if the DSL cannot be located.

Staff should be familiar with the school's child protection policy, which is available to all staff in the policies section of the school intranet. All staff will receive appropriate child protection training and will be provided with guidance on child safeguarding as part of their induction to the school.

In accordance with the statutory guidance published by the Department for Education 'Keeping Children Safe in Education' (2022) all staff in Charlton House School are required to read Part One 'Safeguarding information for all staff' and will be provided with a copy as part of their induction to the school. The full document is available via the above link or from the policies section of the school intranet.

Further information is found in the guidance document 'The avoidance of unnecessary contact and allegations' and in 'Guidance for safer working practice for those working with children and young people in education settings' (Feb '22) provided by the Safer Recruitment Consortium which are located in the policies folder.

### **3. Low Level Concerns**

It may be possible that a member of staff acts in a way that does not cause risk to children, but is however inappropriate. A member of staff who has a concern about another member of staff should inform the Head Teacher or a DSL about their concern, initially in person and following up by completing a Low-Level Record of Concern Form (see section 8). Concerns should be reported no later than 24 hours after the incident. Staff members will be aware that concerns are still worth reporting, even if they do not seem serious. When submitting concerns, staff will take care to observe confidentiality and protect the identity of all individuals to which the concern pertains. If the low level concern relates to the headteacher, it should be reported to the Chair of Governors. Staff should refer to the Low Level Concerns policy for further information.

### **4. Appropriate relationships**

#### **Pupils**

Individuals who work or volunteer in a school environment are in a position of trust. Staff should be mindful of the need to maintain professional boundaries appropriate to their position and must always consider whether their actions are warranted, proportionate, safe and applied equitably.

Staff should act in an open and transparent way that would not lead any reasonable person to question their actions or intent. Staff should think carefully about their conduct so that misinterpretations are minimised.

Staff must avoid unnecessary physical contact with children. Where physical contact is essential, e.g. for safety reasons, the pupil's permission must be gained for that contact wherever possible. If physical contact is made to remove a pupil from a dangerous situation or an object from a pupil to prevent either harm to themselves or others, then this should be recorded and reported to the Head Teacher or a DSL. In cases where accidental physical contact was made, it should be reported to the Head Teacher or a DSL. In all cases staff should act in accordance with the school's restraint policy which can be found in the behaviour policy.

Any sexual behaviour by a member of staff with or towards a pupil, child or young person whether inside or outside of work is unacceptable. Staff are reminded that under the Sexual Offences Act 2003, it is a criminal offence for a person aged 18 or over to have a sexual relationship with a child under 18, where that person is in a position of trust in respect of that child, even if the relationship is consensual. Keeping Children Safe in Education 2022 defines a child as everyone under the age of 18.

The principles within the Code of Conduct applies to all under the care of the school

## **Parents**

Staff are expected to interact with parents in a polite and respectful manner and recognise parents' entitlement to express any concerns they may have about their child's learning, safety or wellbeing. Staff should avoid discussing school matters with parents outside school if approached and should instead refer the parent to the normal school communication channels.

**Staff should not give their personal details such as home or mobile phone number; home or email address to parents unless the need to do so is agreed with SLT.**

## **5. Use of IT including social media**

Internal e-mail and internet systems must be used only in accordance with the school's on-line safety policy which is located in the school's policies folder.

Social networking sites offer the opportunity for communication with children, young people and their parents outside normal professional boundaries. School staff must take care to protect their privacy and protect themselves from risk of allegations in relation to inappropriate relationships and cyberbullying. Staff must not have any unauthorised contact or accept 'friend' requests through social media with any pupil (including former pupils and/or those who attend other schools) unless they are family members. Staff must exercise caution when having contact online through social media with parents so as not to compromise the school's reputation or school information.

Please refer to the school's acceptable use of ICT policy and Social Media policy which are located in the school's policies folder for further guidance on acceptable and unacceptable use of IT, social media and mobile phones.

## **6. Confidentiality and disclosure of information**

Staff must ensure that they do not disclose confidential information to anyone who does not have the right to receive it. Where information is disclosed this should be in line with the principles of the General Data Protection Regulations (GDPR) 2016 and the Data Protection Act 2018. Equally staff should not prevent another person from gaining access to information to which that person is entitled by law. If there is doubt about whether or not to share information, advice must be sought from an appropriate senior member of staff, such as the Head teacher

Information obtained during the course of an individual's work should never be used for personal gain or benefit, nor should it be passed onto others who might use it in such a way.

## **7. Dress and appearance**

An individual's dress and appearance is a matter of personal choice; however, staff should ensure that they dress appropriately, decently and safely for a school environment and for the role they undertake, as well as setting a good example to both pupils and visitors.

This means that adults should wear clothing that:

- Promotes a positive and professional image
- Is appropriate to their role
- Is not likely to be viewed as offensive, revealing, or sexually provocative
- Does not distract, cause embarrassment or give rise to misunderstanding
- Is absent of any political or otherwise contentious slogans
- Is not considered to be discriminatory

In order to portray a professional image it is not appropriate for staff to wear denim, jeans or trainers (except for PE).

Staff should have particular regard to the health and safety risks involved with certain lessons i.e. physical education/food technology and the need to dress appropriately and safely when undertaking these activities, such as wearing appropriate footwear, removing jewellery etc.

The school recognises the diversity of cultures and religions of its staff and will take a sensitive approach when this affects dress and uniform requirements. However, priority will be given to health and safety, security and other similar considerations of other staff, pupils and the school.

## **8. Equal opportunities**

The Governing Body of the school is committed to equality for all in the appointment, development, training and promotion of staff, and in all dealings with pupils and parents of the school. It also recognises that all members of staff have the right to work in a safe environment without fear of discrimination, harassment or abuse.

All pupils, colleagues, parents, members of the public and wider school community have the right to be treated with fairness and equality and must not be discriminated against. The school expects staff to uphold these principles.

Please refer to the school's equalities policy for further guidance which is located in the school's policies folder.

## **9. Conduct outside work**

Care must be taken by staff to avoid any conflict of interest between activities undertaken outside school and responsibilities within school. In no case should actions or activities undertaken outside of work (including but not limited to relationships and social media contact with children, young people and vulnerable adults) bring the school into disrepute.

Staff must disclose any misconduct or alleged misconduct made against them, including any incidents arising from alternative or additional employment outside of this school. Disclosure must be made to the Head teacher without delay, after which consideration will be given to the relevance or otherwise of the misconduct to their role in the school.

Teachers are reminded that the Teachers' Standards, and specifically Part Two: Personal and Professional Conduct, set out their responsibilities in relation to upholding public trust in the profession and maintain high standards of ethics and behaviour, within and outside school.

Where staff are in doubt as to whether there is a conflict of interest advice must be sought from the Head Teacher.

## **10. Declaration of interests**

Staff should consider carefully whether they need to declare to the school any relationship with an individual where this might cause a conflict with the school's activities, for example, a relationship with a Governor, another staff member or a contractor who provides services to the school. Where such a declaration is necessary this should be made to the Headteacher.

Staff may undertake work outside school, either paid or voluntary, provided it does not conflict with the interests of the school nor be at a level which may contravene the Working Time Regulations or affect an individual's performance at work.

## **11. Whistleblowing**

The Public Interest Disclosure Act 1998 (as amended) gives protection to people who disclose reasonable concerns about serious misconduct or malpractice at work. This is sometimes known as Whistleblowing. The Governing Body of the school will treat all matters of malpractice very seriously and allegations about such matters will be dealt with quickly and with appropriate confidentiality.

Staff should acknowledge their individual responsibilities in bringing matters of concern to the attention of senior leadership in the school. This is particularly important where the welfare of children may be at risk.

A clear procedure is provided for staff to raise issues with the purpose of assisting in reducing the risk of serious concerns being mishandled, whether by the individual or by the school. Please refer to the school's Procedure for Protected Disclosures ("Whistleblowing") for further information which is located in the school's policies folder.

## **12. Health and safety**

Staff must adhere to the school's Health and Safety policy and should ensure that they take every action to keep themselves and others in the school environment safe.

Please refer to the school's Health and Safety policy for further information which is located in the school's policies folder.

## **13. Gifts and hospitality**

There may be occasions where children or parents wish to pass small tokens of appreciation to staff, for example as an end of year 'thank-you', and this is acceptable. However, it is unacceptable to receive gifts on a regular basis or of any significant value or to suggest to pupils that gifts would be appropriate or desired. Money should never be accepted as a gift.

It is not acceptable for staff to give gifts to pupils and any rewards given to children must be given in agreement with the declared reward practice of the school as set out in the behaviour policy.

Staff should not solicit or accept any gift, hospitality or other reward from external parties which influences the way in which they carry out their duties or leads the giver to expect preferential treatment.

#### **14. Use of school resources and funds**

The use of school resources, property and equipment is for school-related activities only, except where otherwise agreed.

All members of staff must use any public or school funds entrusted or handled by them in a responsible and lawful manner.

#### **14. Publication of Books/Articles**

Staff must consult with the Headteacher before publishing book, articles, letters, dissertations etc where they are described as holding an appointment at the school.
