

Year 3 & 4 Summer 2 Overview

ENGLISH

We will be exploring the devices of mystery and suspense through the text of the Iron Man by Ted Hughes. We will write letters, news articles, a poem and an extended narrative.

READING

We will be using our comprehension skills to explore how a lighthouse works, what's really inside them and why they're painted in unusual patterns, through studying this beautifully illustrated book by Roman Belyaev.

MATHS

We will finish learning about time, before going on to learn about shape and statistics.

RE

We will explore the events of Pentecost in detail and look at how the gift of languages is expressed. We will examine the qualities of a follower of Jesus as expressed in Colossians.

SCIENCE

We will be learning about forces and magnets, carrying out simple practical enquiries and using scientific evidence to answer questions.

GEOGRAPHY

We will be looking at coasts. We will be exploring what they are and how they are formed, the physical features of coasts and the processes of erosion that affect them and different strategies of coastal management.

COMPUTING

We will be writing algorithms and programs that use a range of events to trigger sequences of actions.

ART

We will be looking at the art of Frank Dekkers and the concepts of stamina and experimentation within drawing.

COASTS
